**DupiCalm** products are botanical cosmetics  
for healthy scalp and hair.

A woman with long, dark, wavy hair is shown in profile, smiling and touching her hair with her hands. The image has a teal overlay. The text is centered in the upper right quadrant.

“Do you dye your hair?  
Take care of your scalp!”

# Why DupiCalm?

If you do not carefully remove the hair dye chemicals remaining on the scalp after dyeing, it may damage the scalp or cause scalp problems. Prolonged scalp problems can lead to hair loss.

-  Removal of hair dye residues results in suppression or prevention of problems in scalp after dyeing.
-  Contains natural extracts (lemon, gardenia, wormwood, and black rice)
-  Easy-to-use bubble type
-  Used between shampooing and conditioning
-  Hypoallergenic, Subacidity

# HOW TO USE-AMPOULE

DupiCalm is used between shampooing and conditioning after dyeing.

1. Dilute one ampoule with 100 mL of water.

2. Apply the diluted solution all over your scalp.

3. Rinse lightly with running water immediately afterwards.

- Recommend using five consecutive days after dyeing.
- If necessary, use twice a day (morning and evening) after dyeing.
- If you dye on a regular basis or have a sensitive scalp, daily use is recommended.

# The color of the natural extracts may change over time, however, the strength of the product remains the same.

# HOW TO USE-FOAM

1. Pumping out generous amount of foam after shampooing

2. Rub it onto the wet scalp

3. As the foam darkens, you can see the hair dye residues washed away.

4. Rinse under running water

- Usually, use once a day after dyeing.
- If scalp problems are severe, please use twice a day (morning and evening).
- Freely use the foam as needed- no side effects.
- If you dye regularly, we recommend using the foam daily.
- After shampooing, use DupiCalm directly on the wet scalp.
- Change of color of the foam is direct evidence of the effectiveness of the product.
